

OP-TEC Summer Institute at TSTC

Texas State Technical College Waco is hosting 2007 OP-TEC Summer Institute July 23-27.

Registration deadline is May 15 and all housing and meals (breakfast, lunch and dinner) are provided by OP-TEC and TSTC. Up to 16 students can register for the institute. Instructors, counselors and students are encouraged to apply.

OP-TEC (National Center for Optics and Photonics Education) is a national consortium of two-year colleges, high schools, universities, laboratories, industry partners and professional societies committed to creating a secondary-to-postsecondary "pipeline" of highly qualified and strongly motivated students.

It seeks to empower community colleges to meet the urgent need for technicians in optics and photonics and provide support through curriculum, instructional materials, assessment, faculty development, recruiting and support for institutional reform.

The goal of the Summer Institute is to inform students, teachers and high schools of the skills needed for a successful career in photonics and to provide information on career choices and applications of the photonics industry.

The Summer Institute program will kick off at 6 p.m. Monday, July 23, with a introductory barbecue. Students attending will receive both classroom lectures and hands-on training in basic laser alignment skills and properties of lasers and light.

To attend the Institute, students must fill out an application and complete an essay. Instructors need only to fill out an application.

For more information, visit <http://www.op-tec.org/> or to register, call John Pedrotti at (254) 867-3173.

Upcoming Events

Texas Career Education Conference

TSTC representatives will attend the Texas Career Education Seminar presented by the Career & Technology Association of Texas.

The event will be held July 17-20 at the Crowne Plaza Riverwalk in downtown San Antonio. A block of rooms have been reserved at the hotel at discounted rates. Call the hotel and use group code TCEC to receive group rates.

The Crown Plaza Riverwalk San Antonio is located at 111 East Pecan Street. To reach reservations, call (888) 623-2800. To reach the front desk, call (210) 354-2800.

Did you know

... that TSTC has a new Home Appliance program and a new Building and Construction program?

... that dual credit enrollment targeted deadline for Summer and Fall '07 is May 31?

... that juniors and sophomores can earn college credit during the summer and tuition and fees will be waived?

... that TSTC will be open during the summer for advising, tours and more?

New full-time student Keyuiona Douglas got a jump on her college credits while still in high school through dual enrollment. (Photo by Daniel Blair, TSTC MCI student)

New student gets jump on college

When you meet Keyuiona Douglas, you'll be meeting someone very special. That's because Keyuiona, a new full-time student attending TSTC this summer, has already earned 18 credits toward her college degree – all while she was still in high school!

This busy young lady was a dual credit student for both the fall and spring semesters at TSTC, juggling her classroom work at University High School and her college work at TSTC.

But that's not all. She did this while maintaining her status in the top five percent of her class, serving as senior class secretary and vice president of the high school's National Honor Society, and maintaining her membership in HOSA (Health Occupation Student Association).

Keyuiona is now enrolled in the Dental Assistant program. With all the extra credits she's earned, she plans a tentative graduation date of 2008.

Encourage your students to get a jump on their college degree, save money and time and make college transition easier than ever by enrolling as a dual credit student today!

To find out more about dual enrollment, contact Nanette Torres at (254) 867-4835 (nanette.torres@tstc.edu) or Anita Steele at 867-4860 (anita.steele@tstc.edu). Or call (800) 792-2724, ext. 4835 or ext. 4860.

Sharon Hetherington, Counselor of the Year

2007 Counselor of the Year

Congratulations to Sharon Hetherington, Career and Technology counselor for University High School! She is this year's Counselor of the Year award winner for her strong support of TSTC.

Sharon, a graduate of Baylor University, has increased dual credit enrollment from WISD for the past five years. She was the first from McLennan County to send students to the dual credit program.

Thank you, Sharon, for all your support!
